Product Summary

This is a 10 foot roll of filter matt media. The matting is 2 inches thick by 28 inches high and comes in a 10 foot roll

Product Description

You can easily cut filter matts from this 10 foot long bulk roll of matting to fit any filter housing or setup. I use it all over the farm primarily as mechanical media to reduce dirt, muck, and debris in the system. Cleans easily and is reusable after cleaning.
