Product Summary

AP Liquid Reagent High Range pH Test Kit (Tests ph 7.4 to 8.8)

Product Description

The High Range pH test kit only tests pH in the range of 7.4 to 8.8. Use this kit only if your pH normally falls into this range. This kit comes with enough reagent to do 160 tests, and is a must for extreme accuracy in this range of pH. Aquarium Pharmaceuticals makes this kit extremely accurate and simple to use.
